NO MATERIAL IS CREATED
AND NO MATERIAL IS
DESTROYED, EVERYTHING
IS "SMATERIALIZED".

DIVA'S BIRTH
HAS BEEN AN
ACHIEVEMENT AND,
AT THE SAME TIME,
A NEW BEGINNING.
THE CHALLENGE
OF CREATING A
HANDMADE PRODUCT,
PRECIOUS AND
HIGH QUALITY.

This is the latest creation in the Smateria household. The leather we recycle becomes a precious fabric that brings to life new objects. Beautiful objects. we use leftovers from a sofa factory. We rework them as patchwork, fringe, piece after piece, drawing inspiration from the shape of the leather that we recover. High-quality leather that, in the hands of our able and skilled tailors, is turned into precious bags.

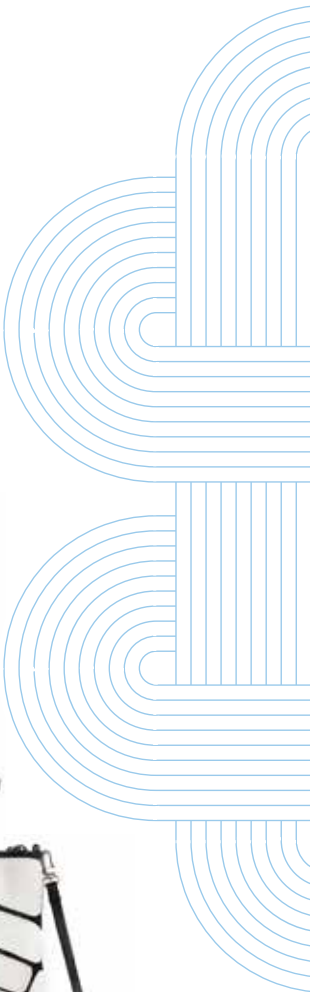

Tile
Shoulder Bag

B119-DIV

Size (cm):
L30 x H23

One pocket with zipper and two open pockets inside, adjustable and removable shoulder strap, removable wrist strap.

OUR PRODUCTS' DESTINY IS TO BE USED AND REUSED.

WE WANT TO CREATE A NEW IDEA OF BEAUTY AND QUALITY, BY FULLY RESPECTING THE ENVIRONMENT.

Plastic bags are part of our daily life. Meant for shopping and carrying, we have shed new light on them. By cutting, heating, shaping, masterfully recycling this material and for the first time combining it with net and leather, in order to create an innovative "fusion" collection of bags, clutch bags, wallets and purses.

NEW COLLECTION

Field Shoulder Bag

Size (cm): L21 x H14

One pocket with zipper inside, adjustable shoulder strap

Serif
Pouch

V19-PL

Size (cm):
L24.5 x H11.5 x W5

Rave
Handbag

B57N-PL

Size (cm):
L36 x H34 x W19

Removable sleeve with magnetic buttons.

DEALING WITH FISHING NETS HAS BEEN THE GREATEST CHALLENGE OF ALL AND REMAINS THE MOST FUN TOO.

The fishing net continues to be the key raw material of our company since our beginning. In Cambodia it is used for many different purposes: to dry rice, to keep animals safe in their stables, to sift sand in construction sites. We purchase it in local markets and assemble it with other materials to create a wide range of colours. It is worked on by the able hands of our tailors so as to be transformed into bags of all shapes to match everyone's tastes.
